Dear sir,

In reply to your D. O. No. G.11995-2002 P.P. 134-18-105 dated 18th December'18 I beg to note hereunder the information called for on the several points re the food supply operations in the District.

1. 35 pallas of rice costing Rs 630 and 70 pallas of jola costing Rs 420 were commandeered at Davangere and Harihar towns respectively and the same was sold in retail to the people.

2. The full amount of the price of commandeered articles viz rice and jola was got paid by private agencies as no sum had then been been drawn from the Treasury owing to want of proper authority at the time. There is no amount pending due.

3. A sum of Rs 10,000 has been drawn from the District Treasury, Chitaldrug and this has been distributed to the several Amildars and Deputy Amildar at Rs 1000 each, while the Amildar of Challakere has been given Rs 1000 more, with a view to send rice to Chitaldrug Depot and Town as there was much difficulty for want of the same. Besides this the Director of Civil Supplies in Mysore has placed Rs 25,000 at my disposal in the Mysore Bank, Davangere. A sum of Rs 4763-14-3 has been spent for purchasing rice, ragi, jola &c supplied to the Chitaldrug Grain Depot. Thus the balance on hand is Rs 30,237-1-9.

4. A sum of Rs 10,000 out of the amount placed at my disposa by the Director of Civil Supplies may be repaid.

5. No further advance is required.

Yours sincerely,

C. S. Balasundaram Iyer Esquire B.A.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,

Economic Superintendent's Note dated 24th Decr. 1918.

With a view to steady the supply and price of ragi in the different markets of the District it is necessary to have at least a month's supply in the Taluk and other depots. The licensed merchants are no doubt free to buy anywhere and sell ragi at the notified rates. But whenever the merchants fail to supply the market with the required quantity, the stock in reserve shall be let into the market and sold at the prescribed rate. The reserve could be subsequently made up by obtaining the required quantity from the surplus stock villages. The contingency of merchants failing to put into the market the requisite quantity of ragi might happen at any time and frequently too. For, it is not possible even to guess what exactly the merchants might do or might not do. So long as it is to their benefit and the ruling price and the availability of the grain are such as to give them a fair margin of profit in one way or other, the merchants would certainly procure and sell ragi. For various reasons they might keep back the supply. To be prepared for such occasions it is necessary to have a reserve in every taluk.

2. The following is the probable estimate of the month's supply required for the different places including the weekly shandies held in these areas.

1. Kolar Gold Fields	...	1600 bags
2. Kolar	...	1000 "
3. Chickballapur	...	800 "
4. Sidlaghatta	...	600 "
5. Chintamani	...	500 "
6. Bowringpet	...	500 "
7. Mulbagal	...	500 "
8. Malur	...	400 "

		7,000 bags.

3. From my experience I find that it will not be necessary to commandeer at any place. The surplus stock holders might be brought found to part with a portion of their stock. Since it would be a voluntary sale the ryot may be paid in his village at the rate of Rs.50 per cart load of 640 seers. This is not a high price at all. Gunny bags are not very costly. A hundred bags appear to cost from Rs.55 to 58 or so. But the sale of the empty bags might bring back a major portion of the amount spent on this account. The loss might be put down at 2 annas per bag. But in the first instance the full price of the bags will have to be spent. Then there are the twine and stitching charges as also wastage. The cart-hire is another important item. The longest distance might not be more than 14 miles. But attempts will have to be made to get the grain required for the reserve from the nearest village or villages which have got a surplus stock. Roughly calculating the price per cart-load of ragi would be as follows:--

Cost of ragi ...	Rs. 50	0	0
Cart hire and stitching charges ...	2	0	0
Gunny bags and wastage	5	0	0
	57	0	0

N. B. - The net cost would only be about Rs.53/- as the sale of the empty gunny bags would fetch about Rs.4/-.

4. The cost of the required 7000 bags of ragi would be Rs.50,000/- (Fifty thousand). The Government have already sanctined an advance of Rs.25,000/- and an additional sum of Rs.25,000/- would be required. In this matter a further report will have to be made to Government with reference to the fifth point in D.O. No. C. 11995-2002/P. P.134-18-105 dated 12th December 1918 from the Chief Secretary to Government.

Dated Kolar, the 29th January 1919.

Chief Secretary to the Government of Mysore,
B A N G A L O R E.

Sir,

With reference to your Telegraphic reminder dated the 27th Instant, and in continuation of my D.O. letter No.C.663 dated 25th December 1918, I beg to enclose herein a detailed statement showing the particulars of advances placed at the disposal of several Officers in the District for purposes of commandeering food grains up to the 15th December 1918. I am sorry it was not possible for me to send this statement to you earlier as the information required was received from the Taluks only recently.

2. For the reasons explained in my D.O. letter of the 25th December last, I would again request sanction to a further advance of Rs.25,000/- to serve as a reserve to safeguard the food position of this District. The need for this further advance is felt more keenly now than during the past month as the situation has grown more acute and we have besides been asked to use our best endeavours to supply some ragi to the Food Controller after meeting our local demands.

I have the honor to be,
S i r,
Your most obedient servant,

B. Venkoba Rao
Offg. Deputy Commissioner,
Kolar District.
